

Claiming a Community

MyStateMLS Community Pages allow members to become the **Community Ambassador** for neighborhoods and local areas. When you claim a community, your **name, photo, and profile information** appear at the top of that community page.

Finding Communities to Claim

- There are two ways to access the Community Claim page:
- In MyStateMLS, open the **Search** menu and select **Search Communities**
 - Visit <https://www.mystatems.com/sponsor-community/> directly

From there, enter your search criteria such as **City, State, or Community Name** to locate available community pages.

Claiming and Managing a Community

Once you locate the community you want to sponsor, open the community page and click **“Claim This Community”** to become the **Community Ambassador**. After claiming the page, begin adding photos and detailed information about the area, directly in MyState.

There is **no limit** to the number of communities you can claim, but members are responsible for keeping their pages informative and updated.

- Communities that remain incomplete may be reassigned.
- You **do not need to live in the community or belong to an HOA** to claim a community page.
