

# Becoming an Affiliate & Retrieving your Unique Link

**MLS Affiliate** is MyStateMLS's referral program that allows members to earn revenue by recommending MyStateMLS products and services to their network.

When someone signs up using your **unique referral link** and becomes a qualified member, you receive **referral fees for that sale**. This program rewards members for sharing tools they already use and trust.

## Becoming an Affiliate

To get started, access your **Profile** (either from the left-side menu under **My Account** or from the top-right account menu) and click the **Create Your Link** button.

- You will receive a **confirmation email containing your unique referral link**.
- Your **specific referral URL** will also be displayed in your account.

## Sharing Your Referral Link

From there, you can share your unique link with colleagues and other real estate professionals. Simply send your referral link to your network.

When a qualified member purchases MLS or other services using your link, you receive credit for the referral.

## Other Ways to Promote Your MLS Affiliate Link:

- Add it to your **email signature**
- Share it in **social media posts**
- Include it on your **website**
- Use **marketing materials available in the Affiliate Dashboard**
