

Changing Your Password

Changing Your Password

If you are logged in, you can update your password at any time for added account security.

- To change your password, click your name in the top right corner and select **Change Password** from the menu. You can also access the password update option from your **My Account** page under the **Account** section (in the **Left Side Menu**).
- Enter your new password (8 to 32 characters long), confirm it, and click **Save** to apply your changes.

Forgotten Your Password?

- If you are unable to log in, click the **Forgot your password?** link on the login page.
- Enter your email address and click **Request Password Reset**.
- Then check your inbox for an email from **office@nystatems.com** and follow the instructions provided to reset your password.
- For security reasons, password reset links may expire after a limited time.

Once your new password is confirmed, you will receive a confirmation email stating that your password was successfully reset.
