## Navigating with a Phone or Tablet

MyStateMLS is fully accessible from your computer, tablet, or smartphone using your web browser.

- To log in on a mobile device, simply visit [mystatems.com](https://mystatems.com). The site will automatically adjust to fit your screen.
- The mobile version of MyStateMLS includes all of the same features and tools as the desktop version. The layout simply adjusts vertically to fit your phone or tablet.

On smaller devices, the main navigation menu is located in the top left corner. Tap the menu icon to access your listings, searches, account tools, and more.

Tap the menu icon at any time to navigate to **Listings**, **Search**, **My Account**, and much more.
